1	<p>Login Page – Before</p>  <p>Login Page – After</p>  <p>Apply Page – Before</p>  <p>Apply Page – After</p>	<p>An error message was returned when the login and change password forms were filled out, to fix this, I added a presence check to these forms.</p> <p>Another issue I encountered was the enter school form, which would create a school with no name if left blank. The same issue occurred in the apply page. This was fixed via presence check too.</p>

Change Password – Before

Change Password– After

Conclusion

After some slight modifications to the program (putting presence checks on the empty forms), the program satisfied testing to meet it's requirements outlined at the beginning of the project.
